# Provision of Security for Delivery Rights

Form - D2  
2024 / 2025

CIT policy requires that security is provided to ensure the payment of future system access charge declared by the Trust until the Delivery Rights are terminated. Where sufficient Irrigation Rights are held on the same CIT Account as the land parcel with the Delivery Rights, the Irrigation Rights will form the required security unless CIT is advised otherwise.

The completion of this form is required when the volume of Irrigation Rights held on the same CIT Account as the Delivery Rights is not sufficient. This security will no longer be required when either:

- the delivery rights are terminated, and a termination fee is paid, or
- the volume of Irrigation Rights held on the same CIT Account increases and therefore no longer triggers the threshold for security.
